DITWAH RESPONSE

MUSLIM AID SRI LANKA IS RESPONDING WITH EMERGENCY ACTION IN SRI LANKA

CURRENT STORY

Together, we are restoring hope, dignity, and resilience of communities in Sri Lanka.

In response to the devastating cyclone , floods, land slides that affected communities across Sri Lanka, Muslim Aid Sri Lanka mobilized a comprehensive humanitarian intervention spanning **07 districts** and reaching over **14,482 people** and **5906 households**. Our multi-cluster response has been providing immediate relief and early recovery support through coordinated efforts in WASH, Nutrition, Food Security & Agriculture , Education, Shelter/NFI and Early Recovery sectors.

Through rapid and joint needs assessments and community-led approaches, Muslim Aid Sri Lanka ensured that the most vulnerable—including women, children, the elderly, and persons with disabilities—received timely and dignified assistance. As we move from emergency response to early recovery, we remain committed to supporting resilient, rebuilding and sustainable rehabilitation for affected families.

FOOD SECURITY

Key Activities

- Cooked food distribution in safe centers
- Provision of dry ration packs
- Support for highly vulnerable households

Food Security Response for Flood-Affected Communities

Muslim Aid Sri Lanka focused on ensuring immediate access to food for flood-affected communities. They distributed cooked meals in multiple districts and provided dry ration packs to support displaced and vulnerable households returning home.

Households Reached: 1,530

Individuals Supported: 5,869

Geographic Coverage

Anuradhapura | Colombo | Kurunegala | Nuwara Eliya | Trincomalee

EDUCATION

Key Activities

- Distribution of learning materials to flood-affected students
  (including school bags, stationery, and essential education supplies)
- Cleaning and preparation of schools for safe reopening

Reducing Disruption and Supporting a Safe Return to Education

Muslim Aid Sri Lanka supported flood-affected students by providing essential learning materials and facilitating the cleaning of schools to enable safe and timely reopening. These interventions helped minimize learning disruptions and ensured that children could return to school in a safe and supportive environment.

Students Reached: 450

Geographic Coverage

Trincomalee

HEALTH & SRH

Key Activities

- Conducted medical camps for flood-affected communities
- Provided medical camps with nursing support
- Deployed mobile medical teams
- Distributed maternity packs
- Delivered psychosocial and SRH support services
- Supported activities through trained volunteers

Health Services for Flood-Affected Communities

Muslim Aid Sri Lanka delivered essential health services to flood-affected communities through medical camps and mobile medical teams. Emergency care, essential medicines, maternal health services, and psychosocial support were provided, with special attention to women, pregnant mothers, children, and adolescents.

Households Reached: 2,424

Individuals Supported: 2,856

Geographic Coverage

Colombo | Puttalam | Trincomalee

SHELTER / NFI / CCCM

Key Activities

- Distribution of NFI kits
- Provision of bedding items for affected households

Emergency Relief Support for Flood-Displaced Families

Muslim Aid Sri Lanka provided essential shelter and household items to flood-displaced families. They distributed basic kits and bedding to support vulnerable households, including those with children, elderly members, and persons with special needs.

Households Reached: 458

Individuals Supported: 2,013

Mannar | Puttalam | Trincomalee

WASH

Key Activities

- Hygiene kits distribution
- Safe drinking water supply
- Installation of 1,000-liter water tanks
- Distribution of water bottles and first-aid items

Ensuring Water Security and Hygiene in Flood-Affected Areas

Muslim Aid Sri Lanka worked to prevent disease and improve living conditions by ensuring access to safe water and hygiene. They distributed hygiene kits, provided safe drinking water, and installed large-scale water storage tanks in flood-affected communities across multiple districts

Households Reached: 4,180

Individuals Supported: 11,684

Geographic Coverage

Colombo | Kandy | Mannar | Puttalam | Trincomalee

A Unified Response, A Community Rebuilding

In response to the devastating cyclones, floods, and landslides across Sri Lanka, Muslim Aid Sri Lanka mobilized a comprehensive, multi-sector humanitarian intervention. Our coordinated efforts in WASH, Food Security, Education, Health, and Shelter/NFI have provided critical immediate relief and laid the groundwork for early recovery.

The Path Forward

As we transition from emergency response to sustainable recovery, Muslim Aid Sri Lanka remains committed to supporting resilient rebuilding. Our upcoming focus includes livelihood support, construction of permanent water facilities, and continued distribution of educational materials to help communities regain their strength and self-reliance.
